Girl of the Week.

Marcellie has neither brother nor sister. She is at present not employed and spends most of her time practicing her melodious voice.

She has already made a few public appearances as a singer (Methodist Church, Lago Club, St. Cecilia Hall) where spellbound audiences wondered at her unusual combination of glamour and talent.

Marcellie has also taken a course in typing and is at present studying nursing from the Chicago School of Nursing.

Her favorite sports are football and baseball, she enjoys reading, dancing and the movies.

An able housekeeper she goes about her task as mother's "right hand" with a melody on her lips that would bring joy to any heart.

EDITOR RETURNS.

Next Monday, November 10, our editor will be back at his desk inside the Lago organization, completing his 4 weeks vacation.

In spite of all his requests, the editor has been ON THE JOB with THE LOCAL as hard as ever, if not more so, during these 4 weeks and is convinced now that he can only have a vacation if he "disappears" from Aruba.

He did not even go fishing during his "vacation", but as he put it... "Live and hope".

"REMEMBRANCE SUNDAY"

For the British world "Remembrance Sunday" has again come round, the day on which Britishers all over the world remember those who gave their lives in the two World Wars.

In London, the heart of Britain and the British, there will be the usual solemn service of remembrance, honour and re-dedication. In every part of England and the Commonwealth there will be similar services.

And here in Aruba, in the town of San Nicolas, where there is a large British population, the day will be observed also.

Arrangements are for a memorial service to be held at 11.00 a.m. at the Anglican Church.

In special attendance will be British ex-servicemen residing in Aruba, and representatives of other military forces, including the Dutch Marines, the Aruban soldiery and the American Legion.

All these groups fought as Allies in the last war, and on this day nothing can be more fitting than a joint remembrance.

All Britishers in Aruba are requested to make a special effort to

attend the service and to give it the support which it most certainly deserves.

BUY A POPPY!

In connection with "Remembrance Day" there will be the sale of poppies, as is customary.

Poppies will be on sale in various districts of San Nicolas, and at the Lago Main Gate and Lago Heights Gate at noon today. Everyone in passing out is requested to buy a poppy to aid the "Earl Haig Fund" which was set up after World War I to care for disabled servicemen.

Those who came through the periods of the two world wars unharmed and untouched can never fully pay the debt due to those who gave their lives or their limbs in the fight for freedom. The least we can do is to give what we can to ease their lot as they go through life blinded, shell-shocked or limbless.

It is only once a year the appeal is made. In Aruba let the response be worthy of the occasion.

"They shall not grow old as we that are left grow old.

Age shall not weary them nor the years condemn;

At the going down of the sun and in the morning

We will remember them."

GIVE THE BEST YOU CAN!

FIRE AT DAKOTA.

Last Saturday at 2.30 p.m. it was reported to the Police in Oranjestad that a fire had started in one of the buildings at Dakota.

The fire brigade rushed to the place and forced its way inside the house by breaking a window.

It was found that the residents had gone out and forgot a frying pan with beef on the stove.

The beef was "smoking" happily. By switching off the stove, the police "extinguished the fire."

It should be noted, however, that were it not for alert persons quick-

Eisenhower elected President of the U. S. A.

At 1.45 a.m., E. S. T. Adlai Stevenson, democratic candidate for the presidency admitted that he had suffered defeat at the hands of Dwight D. "Ike" Eisenhower, Republican candidate.

At that time Eisenhower had collected 18 million votes as compared to 15 million for Stevenson.

Dwight D. Eisenhower will be the 34th President of the United States; the 14th Republican President; the 12th general to occupy the White House; and the first native of Texas to hold the nation's highest office. At 62, he is the fourth oldest man to become President.

With this victory Eisenhower brought a stop to the uninterrupted stream of victories of the Democrats who had ruled for the past 20 years.

America's thumping indorsement of Dwight D. Eisenhower as the next President of the United States neared the spectacular high tide of 31,000,000 votes Wednesday.

With more than 85 per cent of record-setting vote tabulated, these were the statistics:

Eisenhower — 30,695,323.

Stevenson — 24,629,151.

Total — 55,324,474.

The popular outpouring spelled

a victory margin for Ike in 38 and possibly 39 states with an electoral vote of 429 to 442, with only 266 needed for election.

The greatest number of votes previously cast in an American election was just under 50,000,000 in 1940. The greatest number ever before won by a candidate was 27,700,000 by Franklin D. Roosevelt in 1936, against Alf. M. Landon.

Political observers, still stunned by the Eisenhower sweep, were marveling at the way it bowled over traditional political barriers.

Eisenhower, first professional soldier to win the White House since U.S. Grant, cracked the "Solid South" by capturing Virginia, Texas, Florida and Tennessee. He won in such doubtful border states as Maryland and Oklahoma. He rolled up unprecedented totals in New York City, for a Republican, and easily swept California — which the Republicans lost in 1948

even though Gov. Earl Warren was a part of the ticket.

TURPIN DECIDES TO KEEP EUROPEAN MIDDLE TITLE.

Randy Turpin has changed his mind — for the time being — about surrendering his European middleweight boxing championship.

His manager, George Middleton, said Tuesday the British Boxing Board of Control had prevailed upon Randy to keep the crown.

Turpin announced 10 days ago he would give up the title because

he did not want to be bothered defending it while he had prospects of a world title match.

The European boxing union had nominated Frenchman Jacques Royer-Crecy to fight Turpin for the European championship.

Turpin wants a third world title bout against middleweight champion Sugar Ray Robinson, who has been given to Nov. 15 by the National Boxing Association of Ame-

rica to decide his future ring intentions.

If Robinson decides to quit the fighting business, London promoter Jack Solomons is all set to match Turpin with Frenchman Charles Humez with a demand the BBBC, the NBA and the New York State Athletic Commission regard the bout as for the world middleweight championship.

Solomons, who returned to London Tuesday after a weekend in Paris, said Humez had agreed to fight Turpin in the New Year — only if the bout was for the world title.

Humez Monday defeated Eugene (Silent) Hairston of New York, in a dull 10-round bout in Paris.

seventh, Bratton forced referee Harry Kessler to intervene in the eighth as he rained punishment on the 23-year-old New Yorker, home on an army furlough.

Bratton, the ex-NBA Welter Champ from Chicago, took charge in the early rounds but ran into a heavy hail of Miceli's left handed punches from the third through the sixth.

Opening the throttle wide in the seventh he drove Miceli into full retreat from a merciless barrage. Bratton dropped the dazed Miceli with a right hand a few seconds before the bell.

There was no question about the ending. Bratton came out with a righthand punch and kept pitching. Kessler then stepped in to save Miceli from further punishment.

Bratton floored Miceli with a sneaky right to the jaw in the first. Miceli rallied in the middle rounds and then Bratton came with a flourish at the end.

The crowd of 5,391 paying \$16,697 was very much pro-Miceli. They cheered wildly as GI Joe rallied and slashed open Bratton's left eye in the fourth.

Referee Kessler and Judge Art Aidala had Bratton out front 4-3 before the TKO and Judge Jack Gordon saw it 3-3-1. The AP card agreed with Gordon.

LOCAL TROUNCE MEDICAL 19 -- 9.

Sunday afternoon a packed stadium witnessed the Local — Medical struggle in the Senior division baseball league.

Opening with a single in the first, Medical soon ran into difficulty when Local took the lead 3-1 at close of the first and advanced to

16-1 by the close of the second. It was during this inning that the ambitious pitcher Lau ran out and was relieved in the third by first sacker Benny Geerman. From the third inning Benny kept the youthful Localities in check and only 3 more runs were added for 6 hits.

Most outstanding feature of the day's play was "Longun" Wilson's powerful batting which yielded him 5 for 6, of which three were two-baggers. C. Jack got 4 for 6.

Batting for Medical, Malmberg collected 3 for 4, Hoyer 2 for 5 and Parris 3 for 3. E. Ruiz took his first victory while D. Lau was tagged with the loss.

RED SOX EDGED ACE 6 — 5 IN NINTH.

A most eventful ninth-inning was seen at the Lago Sport Park Sunday morning last when Patricio Kock took a dead ball from relief pitcher Thomas to score Brown from third with the score 5-5.

Ace scored in the second and fourth while Red Sox scored Krind in the fifth from a walk.

In the seventh, Red Sox scored Krind, Peterson and Havertong to lead 4-2. The eighth inning made no changes and in the ninth Ace went into the dark room for three shots by Zambrano, Genser, and Hoon to lead 5-4, on three walks, a double by Zambrano and two rollings by Harms and Arends.

Not daunted by the one-run lead,

Red Sox soon found the pitcher off and got four walks and Patricio scored Brown from third when Thomas beamed him.

Brown took the victory from Arends each allowing three hits. W. Havertong collected 2 for 4.

BASEBALL NEWS.

At Lago Sport Park last Sunday afternoon, "Professor" Edney J. Huckleman, turned out for Medical as third sacker. Professor did exceedingly well and collected a single.

Veteran "Long Gun" Boxing matchmaker, also turned out for Local and knocked the ball to the left center field fence on four occasions out of five hits. He was really terrific.

HAPPYLANDERS TO CHANGE TO REAL KILL.

News has been received that the Happylanders baseball team will turn out under the name of Real Kill — Uniform is expected within a few days.

Aruba Trading Company will distribute score cards to all spectators during the Sunday game.

This is a welcome gesture on the part of Manager Monte Maduro

and Aruba Trading Company for the benefit of baseball fans. Congratulations Monte.

While Medical and Local provided the fans with much entertainment at the Lago Sport Park, at Lone Palm Stadion, Seagrams (Oranje) V.O. ran Woolsey Paint into much difficulty and closed the 7-innings game 8—2.

Gladman who was on first for Woolsey Paint collected the only hit for the Painters 1 for 1 while Hector Gibbs got 2 for 3 out of Seagram's hits.

Pantophlet and Wilson fanned 3 each with Pantophlet taking the victory. From reports received the entire game was keenly contested and Seagram's deserved the win.

WHITE SOX DEFEAT CARDINALS 9 — 4.

Cardinals made a splendid attempt to avert defeat Saturday afternoon, but ran into difficulty in the sixth when White Sox made their highest score of 4 in one inning.

Taking the lead in the first, White Sox soon found themselves under the Cardinals 4—3 in the

6th and at close of the inning were ahead 7—4 on a single by de Abreu and 3 free bases. The following innings yielded singles for White Sox and at close of play they were ahead 9—4.

The Cardinals who played a good game scored singles in the second, third fourth and sixth innings. Gillard was winning pitcher while Hannah took the loss.

In the fourth, Papin, P. Alexis, R. Alexis and Mingo singled and scored. The fifth was most interesting as the Pirates endeavored to save the shut out. C. Haynes. Papin and Alexis singled, R. Alexis rolled to short and Mingo took a free base to score the tenth run. P. Alexis, Local's pitcher closed the game with a single hit by John in the third.

W. Spanner was losing pitcher with 8 hits against him.

BABY RUTH SHUT OUT INDIANS JR. 1 — 0.

Baby Ruth Jrs., scored a 1—0 victory over Indians Jrs., last Thursday afternoon in the top of the 5th. Good pitching and fielding were the highlights of the afternoon's performance until in the fifth when Soni singled to center, Eric followed with a single to left center, Ben got first on fielder's choice and Soni stole home.

Eddie was winning pitcher while Meyers who also gave up two hits took the loss.

Game played in aid of "Our Lady of Coromoto".

A large crowd saw the keenly contested football match between the two rivals of Aruba, R.C.A. and Aruba Jrs. last Saturday at the Wilhelmina Stadium, which ended in 0--0.

The spectators got their money's worth by seeing this thrilling game and they should like to see more such games.

After the game, according to the agreement made, the cups which were donated by the firms Spritzer & Fuhrmann and Raghunath were raffled between the two teams and Aruba Jrs. became the winner of the big cup while the smaller one went to R.C.A.

The Priest in a fine speech thanked the teams for their cooperation given for this worthy cause.

BING CROSBY'S WIFE DIES AT 40 OF CANCER.

BEVERLY HILLS, Cal. — Dixie Lee Crosby, the attractive 40-year-old wife of World famous Crooner Bing Crosby, died of cancer Saturday after all efforts to cure her had failed.

The former actress and musical comedy star had been in a coma since Tuesday and did not regain consciousness before she succumbed.

Bing, her four sons and her father, E. E. Wyatt were present when death came in their Beverly Hills home. She became critically ill last week and doctors said there

I want a Hei.....!

I know, You want to have a

HEINEKEN'S Beer

and so do millions the world over.

was no chance for survival, but the family refused to give up hope.

Mrs. Crosby was received into the Roman Catholic Church last Monday, the day before she sank into a coma.

Mrs. Crosby rallied sufficiently after an operation for Bing to make a movie location trip to France. She had been ill several years.

When he returned from New York last Saturday, Dixie disregarded her doctor's orders, got out of bed, and met him at the depot in Los Angeles. As a result she had a relapse next day.

Dixie, a star of Broadway musical comedies and the screen in the late '20s, was born Wilma Wyatt in Harriman, Tenn., Nov 4, 1911.

A gifted singer and dancer petite and blonde, Dixie won a blues-singing contest at the College Inn in Chicago's Sherman House.

On Broadway, at 17, she had feature roles.

Bing was a little-known singer with a band when he and Dixie met. She liked to recall a movie producer's telling her: "If you marry that Crosby character you'll have to support him the rest of your life."

They were married Sept. 29, 1930. Bing was 27, Dixie 18.

REMARKABLE INVENTION.

Of considerable interest to violin and cello-players may be the following news which was condensed from an elaborate letter from a correspondent in Holland of the Surinam newspaper "DE WEST", and which appeared in their issue of last October 21st.

It appears from the letter that a certain Dentist, J. D. Steffens (of Flora Park 12, Haarlem, Holland), an amateur violinist himself, has, as a hobby, experimented with violins for many years in search of a way to improve the total quality, purity and volume of the instrument.

He finally came forth recently with an invention which was subjected to test by many prominent violinists and cellists, and which was lauded in various Dutch newspapers as the foremost invention

(for the violin) of the last centuries.

The invention consists simply of a bridge of special construction which, according to the inventor and others, remarkably increases the tonal volume of a violin 2 or 3 times as compared with those equipped with an ordinary bridge.

Besides improving the tonal color, purity and volume, the new bridge (patented by the inventor) also makes playing the instrument less tire-some, it its claimed.

Not all critics were exceptionally loud in their praise of the invention but the most critical and cautious still admitted that the new Steffens-bridge may greatly increase the value of even a low class violin or cello.

SINCLAIR OIL ASSETS TOP BILLION MARK.

Sinclair Oil Corp. made substantial gains in profits, sales and reduction in the first nine months of 1952 and its total assets exceeded \$1,000,000,000 for the first time in history, O. C. Spencer, Sinclair president, informed stockholders.

He pointed out that this substantial progress was made despite lower prices for residual fuel oils in the third quarter of 1952, the adverse effects of the oil strike which occurred in May and the subsequent protracted strike in the steel industry.

Consolidated income in the initial nine months of this year increased to \$64,085,436, equal to \$5.24 a share, from \$58,431,456, or \$4.83 a share, in the corresponding period of 1951.

Gross operating income rose to \$617,894,333, a new high for any

comparable period in the company's history, and compared with \$585,482,457 in the nine months ended Sept. 30, 1951.

Spencer noted that the 1952 income includes special credits of \$9,629,784, derived from gain on sales of Colorado Interstate Gas Co. stock. This also was reported in the six months report for 1952.

Sinclair now becomes the seventh major oil company in the United States whose assets have topped \$1,000,000,000. Among companies in this field, Standard Oil Company (N. J.) leads in total assets.

We understand that Neme Import & Export will represent Sinclair in Aruba.

LONDON.

For the month of October, 1952, the sterling area accumulated a

dollar surplus of 82 million dollars. It was the biggest monthly gold dollar surplus earned for the past two years.

Substantial help from the United States in the form of the 35 million defence aid during October was responsible for a good part of the surplus.

Further, the Sterling Area September trading surplus of 37 million was included.

British officials however pointed out that this showing could give grounds for nothing more than cautious optimism.

YUGOSLAVIA.

On Monday, Marshall Tito addressed the sixth Congress of the Yugoslav Communist party at Zagreb.

In a four and a half hour speech, he declared that imperialist Soviet Russia was mainly responsible for the present world tension, but the West must also be blamed.

Stalin's Soviet system was up a blind alley and it was now the Yugoslav communists who were the true heirs of Marx and Lenin and the guardian of Communist orthodoxy.

The Yugoslav party had an historic role: To wage on an international as well as a national level the struggle against the Cominform and Soviet Revision of Marxist theory and practice, its purity and unity must be safeguarded at all costs to fit it to carry out this task.

The congress was attended by two thousand delegates representing a party membership of nearly one million. The Party was asked to change its name to the "League of Communists of Yugoslavia". It was also decided to make a bid to extend their influence to left wing movements abroad in an effort to cut out Cominform influence.

This would be done through the "People's Front of Yugoslavia" agency.

INEXPENSIVE VACCINE AGAINST POLIO HOLDS PROMISE.

NEW YORK (Vaz Dias) The fight against infantile paralysis or polio myelitis has come one step nearer to victory. Scientists of Lederle

Laboratories have succeeded in growing a polio causing virus in chicken embryos which may provide the answer to the problem of producing an effective vaccine against polio on a large scale and at low cost. The vaccine has been successfully tested on monkeys against certain types of polio virus, but it has not yet been determined

at the same time, however, and how long immunization will last. Small quantities of anti-polio vaccine available thus far were developed in brain tissues of human beings, monkeys or rodents through a complicated process and, therefore, proved too expensive for other than laboratory research on the crippling disease.

BREAKING DEVICE WILL PREVENT ACCIDENTS.

PITTSBURGH (Vaz Dias) The major traffic hazard of skidding wheels in slippery weather may be on the way out thanks to a new invention by the Goodyear Aircraft Corporation. An electrical anti-skid device based on a principle which already is being used on airplanes will keep carwheels from locking. It is a wellknown fact that a rolling tire allows the driver a certain measure of control while a sliding tire makes control all but impossible. All wheels do not contact the same spot of the road surface

pressures on the car wheels are therefore individually different. The new device electrically "senses" the pressure on each wheel and, as it receives impulses from the wheels, alternately releases or re-applies the grip of the drum lining on the wheels, thereby preventing over-breaking and wheel locking.

In road tests a truck and a tractor trailer equipped with the anti-skid device was able to make fast stops on a circular icy road without going out of the curved traffic lane. The same truck and tractor trailer travelling at identical speeds without the anti-skid device, went completely out of control.

Curious looks follow the girls
throughout the village, when they
are led to the stronghold, for the
Arabs do not often see European
woman. And these two were espe-
cially peculiar in their opinion.
When they reach the palace, where
the sheik resides, the guard announ-

ces his catch by telephone. "Well
well", the seik says, "two women?
Two young women? Yes take them
to me at once." "What may these
girls be up to?", his daughter Sulei-
ka inquires. The girl received a
Western education and assists her
father as a secretary. The sheik

works for Harries and through him
his tribe got modern weapons and
his palace was equipped with a com-
plete telephone-apparatus. "That I
